

Defect Emergency Reporting

Winvic Construction Ltd have partnered with Healthy Estates Facilities Management (HEFM) for Defect Notifications

This number is for Defects only

0333 996 0888

Please note this number is not for Maintenance Emergencies

In the event of an emergency **Defect**, as a duty of care it is the Building Facilitator responsibility to manage the risk and make safe all areas to prevent harm / damage.

Please ensure you have all the facts, details and any relevant photos, before calling the emergency number. Failure to provide this information will prevent the out of hours operator appointing a contractor and rejecting the call.

Call out charges will be incurred for a non-defect reports.

CALL BEFORE LOGGING ON FIXFLO this will enable HE-FM to arrange a quick response to the Defect.
Following the call please log onto FixFlo the next working day, to include relevant photos and videos.
If the defect is not logged on Fixflo we are unable to update progress.

Please note: HEFM reserve the right to terminate the call when the out of hours team receive disrespectful language or attitude from the caller.

Defect Emergency Definition

A **defect** is an installation that is not performing, as per the specification, design or install after Practical Completion.

A **defect** is a problem that affects the performance or quality of a product or system. It can cause the product to malfunction or not meet its intended purpose.
